Virtual Fall Meeting  
October 17, 2020  
Bentley University

---

The program committee welcomes proposals **on any subject**, period, or geographical area from scholars within or outside the New England region.

**The Association does NOT focus on the history of New England** or of the United States but is equally concerned with European and World History. In response to current events, we are especially interested in panels and papers addressing **the history of race and violence, pandemics and COVID-19, and debates around public history and monuments.**

Complete session proposals as well as single paper proposals are welcome.

**Due to public health concerns, we will be hosting this meeting online. We will provide additional details prior to the event.**

Please send proposals with brief vita **by August 15, 2020** to:
